

Spotlight Karaoke Poker Tournament Points System

All Players who sign up and play will receive 25 points automatically.

A player who takes out a Spotlight Employee will receive 200 points.

If there is a split pot that takes out an employee, the 200 points will be given each poker player who was in the winning hand.

Final Table will receive points. (Top 9 Players)

9 th	-----	200 Points
8 th	-----	300 Points
7 th	-----	400 Points
6 th	-----	500 Points
5 th	-----	600 Points
4 th	-----	700 Points
3 rd	-----	800 Points
2 nd	-----	900 Points
1 st	-----	1,000 Points

If (2) two or more Players go out at the same time the Player with the least amount of chips gets the least amount of points. If more than one Player goes out at the same time, with the same number of chips; those Players will split the points for the two places they would take up. (ex. 5th and 6th place, both players would get 550 points)

You may also receive points if you get rare hands. Because a staff member can not always be present when this happens, everyone at the table must be able to say that you did get said hand and you must go to the showdown (after the river) to receive your points.

Royal Flush	-----	1000 Points
Straight Flush	-----	750 Points
Quads	-----	500 Points

To receive ANY points, you must write your name legibly on the sign up sheet. We are using the nightly sign-in sheet to keep an accurate log of Players and Points on a day to day basis.

There will be a End of Quarter Tournament (Spotlight's Donkey Duel!!!) and the top 68 in points will be invited to play. There will be a cap of 72 Players on this Tournament to see how things go. If you are not within the top 68 Players you do have a chance to get into The Donkey Duel by finishing out 1st place anyone of the final 4 days before the Tournament. If you still don't make it into the Tournament you may be stand by on the day of the tournament and if a player does not show up you can try to make it into the game that way. We will also be going off the points list to add additional players. It is not first come first served.

Spotlight Karaoke will be going from \$5.00 per head to \$4.00 per head to help pay for the Larger Tournaments.

As always, it is free to play at Spotlight Karaoke. You still do not get extra chips for food, there is not gracious loser. Everyone will start out with the same number of chips during any given daily Tournament. You are able to get extra chips for the Donkey Duel by collecting more points. This will be determined later but you will be told prior to the Tournament.

This first Donkey Duel will be a \$2,000.00 pot. We will be paying out everyone who makes it to the final table (top 8).
